

# INDUSTRIAL WHEEL LOCK RING TOOL SET

**EASIER, FASTER, SAFER.**  
 Specially designed to remove & replace lock rings on multi-piece industrial forklift wheels

*Having the right tool does make a difference.*

*Removing and replacing lock rings on multi-piece industrial wheels presents its own set of unique problems – these tools are specifically designed to make that job easier, faster, and safer.*

- *Helps prevent injury – easier to keep hands safely outside of press cage!*
- *Tools are powder coated to protect from rust and corrosion; bright orange color helps prevent lost tools*
- *Forged from high-grade carbon steel and heat-treated for long-lasting strength and durability*
